# GUARANTEE

**Trust exactly who's installing your solar energy.**

This guarantee is issued for workmanship conducted by PSW Energy, and its representatives for the installation of solar energy equipment sold by PSW Energy.

Address: Refer to Quote & Agreement.

Period of Guarantee: 12-years from Installation Date as set on the associated Quote & Agreement, applicable upon full payment.

Where a fault or defect relating directly to work set out in this contract performed by PSW Energy occurs within the period of the Guarantee, PSW Energy will repair these works to Australian Standards. The workmanship at the associated address, in conjunction with the contract, shall adhere to all Australian standards, state electrical requirements, building codes & manufacturers' guidelines relevant at the time of installation. PSW Energy shall not be responsible for implementing future amendments to Australian standards, state electrical requirements, building codes & manufacturers' guidelines unless seen necessary.

Should there be any alteration, addition or change to the work, or its environment, not performed by PSW Energy, or where any such modification, addition or change has occurred without explicit written authorisation from PSW Energy, this guarantee shall be rendered void. To the extent permitted by law, PSW Energy will not retain liability for fault, injury or circumstance occurring as a result of this guarantee being rendered void.

Where the address holder has sold the property, as identified in the Quote & Agreement, this Guarantee shall become transferable. Under no other circumstances is the guarantee transferable or exchangeable unless otherwise authorised by PSW Energy.
